

Project name	Petrochemical Plant
Country	France
Application	Pre-filtration for RO
Flow rate	2 lines of 200 m <sup>3</sup> /h; 2 lines of 880 USgpm
Filtration degree	3 micron
Water source	Raw city water
Filtration solution	4 X AMF <sup>2</sup> -370K Filters
Installation Date	2006

4 filter units for 100% security. Raw water with SDI 5-9, filtered water quality with SDI < 2.  
 \*Remark: Operating before 1 micron security cartridge filter.
